David M. Stevens, MD

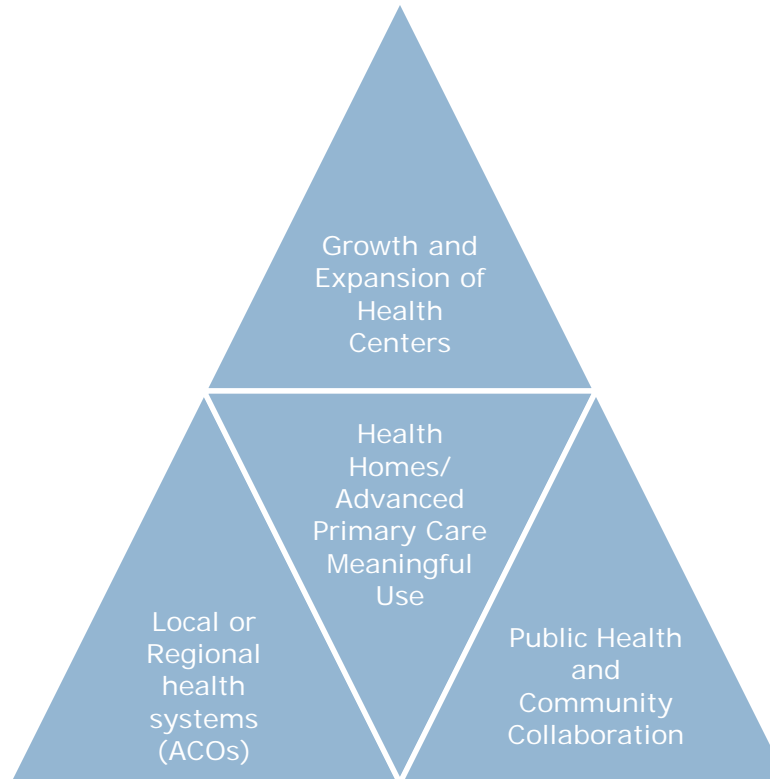

National Association of Community Health Centers

- Vision & Aims
- A Platform for Collaboration: Medical Home, Growth, Community Health, & Accountable Care Organizations

Health Center 4 Strategies for Transformation

Population Health and Reduction of Disparities

Patient, family and community engagement in health

Value:
Superior Cost and Quality Outcomes

Patient Centered Medical Home/Advanced Primary Care:

Aim: 100% of CHCs pursue medical home recognition

	2011	2012	2015
CHC sites recognized as medical homes	120	400	1350
Patients engaged in CHC medical homes	22 Million	27 Million	40 Million

Leveraging Investments

CHC ACA growth initiative, including HT/meaningful use

HRSA investment in recognition/accreditation programs

CMS, Commonwealth Fund/Qualis and state based Medicaid Demonstrations

HRSA cooperative agreement with NACHC

SAMHSA & CDC grants with NACHC: behavioral health and HIV primary care integration

Community Health/Population Health

Aim: 75% of health centers engaged in targeted local public health initiatives by 2015

	2011	2012	2015
CHCs leading or engaged in local community health initiatives	Establish baseline	Increase by 25%	Increase by 50%

Leveraging investments and partnerships

- NACHC is partner in HRSA funded national collaborative to address pediatric obesity in 50 communities
- CDC grant with NACHC focused on HIV prevention & treatment
- Build on existing models of FQHC and public health collaboration addressing environmental health, obesity, prenatal care, migrant health
- 500AmeriCorps volunteers in 225 communities

Putting it Together:

Building Regional/Local Health Systems Generating positive cost, quality and population health outcomes

Aim: 70% of CHCs engaged or leading regional/local accountable care organizations that integrate medical homes with community health interventions

	2011	2012	2015
CHCs	50	200	1000

Leveraging & expanding resources & partnerships

- Over 70 health center controlled integrated networks
- 54 community affiliated health plans
- National and local medical home and community health initiatives
