Medical Clinic Tasking Guidelines

2011

Our Mission

The mission of Neighborcare Health is to provide comprehensive health care to families and individuals who have difficulty accessing care; respond with sensitivity to the needs of our culturally diverse patients; and advocate and work with others to improve the overall health status of the communities we serve.

Dear Front Desk Staff,

This document was prepared to facilitate task routing in the new RN model. It provides guidance on how best to route various tasks that come to you directly from patients and what you can expect in terms of tasks coming your way from other care team members. Most of our calls come through the Front Desk. You are literally the front door to the practice. Your help in proper routing of tasks makes it easier for everyone to do the job they are uniquely qualified to do. Complete and full documentation is essential to ensure efficient and reliable care for patients and staff.

As you use this document, if you have questions, please ask any member of the lead team for clarification.

Thanks for your help.

- The RN Optimization Design Team

What is needed in a communication? Take detailed notes to avoid rework

1. Name of person calling, if not patient
2. Name of facility calling from
3. If outside provider (MD/PA/NP) - Assess urgency. “Do I need to get the provider out of the room?”
4. Phone # to be reached at and time
5. Fax # if needed
6. Fill out HIPAA template at each communication encounter
   a. Use “other” box if patient leaves a different call-back number from what is already in the system
   b. Need to ask the patient if we can leave a detailed message for all calls or for just this particular call.
      i. If patient says “For this call only”, just write that in the communication and make sure to type in what phone # pt wants to be reached at.

Front Desk Incoming Phone Call Tasking Guidelines

Before tasking read scripts & document specific pt request. Detailed message, specific info, appropriate follow-up questions.

### Call 911
- Profuse bleeding
- Not breathing
- Seizure

### URGENT/ CRITICAL LAB CALLS
Hot List:
(Pt on Phone or in clinic)
- Abnormal blood pressure
- Abnormal blood sugar
- Allergic reaction
- Change in level of consciousness
- High fever
- Plan B
- Severe abdominal pain
- Pt refuses appt, wants to speak to RN, Give Nurse Advice 800 number.
- Patient requesting health education/advice
- Question about previous visit
- Nurse asked me to call
- Change in medication dose and patient refuses appointment
- Lost meds including narcotics
- Pt requests for copy of diagnostic results.
- I need a letter or paperwork - inquire about type of letter or paperwork and follow paperwork guidelines and make appointment accordingly.
- Pt requests med equipment, DME
- Lab results after 2 wks and no results received by patient.
- Request records from outside provider.
- After scheduling for F/U from ER or in hospital or 1st Newborn visit
- Patient call for dx results, told by outside provider to call us, results not in yet.

### belang
- Provider
- Other Staff

### RN
- TASK HIGH PRIORITY
- Provider

### Medical Clerk
- “Non-urgent provider call, TASK MA”
- Questions after receiving letter from PCP
- Patient is in front of you and needs immu record, get signed ROI and document in HIPAA tab.
- If patient calls to check status of paperwork check in NG and if no information present task team MA
- Pharmacy calls re: pending Rx and patient is in front of them, page team.
- Change in med/dose make appt with Provider.
- Refill requests greater than 72 hrs after patient called pharmacy
- Non urgent RX, task the team.
- Patient persistent on getting lab and xray results.
- Pt requests Coumadin/Blood thinner test results, High Priority!
- Urgent call from provider (MD, PA-C, or ARNP) page PCP. If no one answers, page MA
- Refill narcotic Rx
- Pharmacy call re: same day Rx, page rendering provider. If no one answers, page MA
- I only want to talk to my provider
- Lab asking for diagnostic codes
- Visiting nurse call for orders and update
- CHPW Nurse Triage reports
- Provider

### Other Staff
- ROI
- Records Request
- TB results copy
- Immunization Records (Urgent & non-urgent)
- Copy of diagnostic results
- Request for chart notes

### Referral Coord
- Existing: Referral question
- Requesting New referral - schedule with PCP
- Renewal of referral

### Social Worker
- Financial or social hardship
- Suicide Threat (BH or SW)

### Eligibility
- Insurance qualifications or questions

### Diabetes Group
- Community Health Educator
- Diabetes Day, shoes, eye check

### SCRIPTS

**Follow-up phone call**
- Overview of call
- Purpose of the call
- Specific request for status update
- Plan for follow-up & next visit.

**Medication change- not complex**
- Overview of call
- Why the change
- Specific review of current plan
- New recommendation
- Plan for follow-up & next visit
(Provider name) has asked me to give you a call to see how you are doing.
He/she would like to know how (the Rx/DME/resources/health problem) is going for you.
Can you tell me how you’re doing with _____?
Thanks and I will make sure and give them this information.
It looks like your next visit with us is scheduled for ____________.
We look forward to seeing you then.

(Provider name) has reviewed your medications and wants to make a change to (new dose/new Rx/new schedule.)
The reason for this change is ______________.
You have been taking ______________ (review current Rx, dose, schedule.)
The change to (restate new dose/new Rx/new schedule) should begin (date/time.)
Do you have any questions?
Your next appointment (phone or in person) is ___________. We look forward to seeing you then.
